ABOUT COMPANY

Ecopower Solutions Ltd is a Christchurch-based electrical and renewable energy company providing professional electrical services and solar installations for residential, commercial, and industrial clients across New Zealand.

Founded with the goal of delivering reliable and energy-efficient solutions, Ecopower Solutions combines technical expertise with practical industry experience to deliver projects safely, efficiently, and to a high standard.

Our team specialises in electrical installations, solar PV systems, EV charging infrastructure, and energy-efficient technologies designed to help homes and businesses reduce energy costs and environmental impact.

With a strong focus on quality workmanship, safety compliance, and customer satisfaction, Ecopower Solutions continues to build trusted relationships with clients, builders, and contractors across the construction and energy sectors.

MISSION & VISION

Mission

To deliver reliable, high-quality electrical and solar energy solutions that help homes and businesses operate more efficiently, safely, and sustainably.

Vision

To become a trusted electrical and renewable energy partner across New Zealand by providing innovative energy solutions, excellent service, and long-term value for our clients.

CORE VALUES

Safety

We prioritize safety in every project, ensuring all work complies with New Zealand electrical standards and health & safety regulations.

Innovation

We support the transition to renewable energy through modern electrical and solar technologies.

Integrity

We operate with honesty, transparency, and reliability in every project and client relationship.

Quality Workmanship

We take pride in delivering electrical installations that meet the highest professional standards.

Customer Focus

Our clients are our priority, and we deliver solutions that exceed expectations.

OUR CLIENTS & PARTNERS

Our Company works closely with:

Residential homeowners

Builders and construction companies

Commercial property owners

Renewable energy suppliers

Electrical wholesalers & contractors

Through strong partnerships with suppliers and industry professionals, we ensure the highest quality equipment and reliable project delivery.

Our goal is to build long-term relationships with our clients by delivering dependable Solar and Electrical solutions.

PROJECTS & ACHIEVEMENTS

Ecopower Solutions has successfully delivered multiple electrical and solar projects across Canterbury and the South Island.

OUR PROJECTS

Residential rooftop solar installations

Commercial solar systems for businesses

Electrical installations for new residential builds

Switchboard upgrades & electrical safety improvements

EV charging installations for homes and workplaces

Each project is completed with a focus on safety, efficiency, and long-term performance.

FUTURE OUTLOOK

Ecopower Solutions Ltd. is committed to supporting New Zealand's transition toward clean and sustainable energy.

OUR FUTURE FOCUS

RENEWABLE ENERGY GROWTH

Expanding solar installation services across both residential and commercial sectors.

SMART ENERGY SOLUTIONS

Integrating battery storage systems and smart energy technologies.

SUSTAINABLE DEVELOPMENT

Helping businesses and homeowners reduce carbon emissions through renewable energy solutions.

INDUSTRY PARTNERSHIPS

Strengthening partnerships with builders, developers, and energy providers across New Zealand.
